

On container ships over 95000 (SCGT)
that can join the second southbound convoy (N2)

Article One :

In line with the SCA policy to upgrade the development project of Suez Canal in service of world trade , the Ballah west branch has been executed to accommodate container ships over 95000 (SCGT) with a draught up to 48 ft , L.O.A up to 370 mtr and maximum beam of 50 mtr against the payment of a surcharge as follows :-

First :

Container ships up to 101000 (SCGT) and draught up to 45 ft can join the N2 convoy against the payment of a surcharge shown as follows :-

- a- Vessels arriving within the limit time and up to 0300 hrs pay a surcharge of 8 % of transit dues with a maximum of SDR 17000.
- b- Vessels arriving after 0300 hrs and up to 0400 hrs pay a surcharge of 10 % of transit dues with a maximum of SDR 20000.
- c- Vessels arriving after 0400 hrs and up to 0500 hrs pay a surcharge of 12 % of transit dues with a maximum of SDR 22000.
- d- Vessels arriving after 0500 hrs, if traffic conditions permit, pay a surcharge of 12 % of transit dues with a maximum of SDR 22000.

Second :

Container ships over 101000 (SCGT) or a draught over 45 ft and up to 48 ft, L.O.A up to 370 mtr and a maximum beam of 50 mtr can join the second southbound convoy (N2) against the payment of additional dues as follows:

- a- Vessels arriving within the limit time and up to 0300 hrs pay a surcharge of 8 % of transit dues with a maximum SDR 20000 .
- b- Vessels arriving after 0300 hrs and up to 0400 hrs pay a surcharge of 10 % of transit dues with a maximum of SDR 25000.
- c- Vessels arriving after 0400 hrs up to 0500 hrs pay a surcharge of 12 % of transit dues with a maximum of SDR 30000.
- d- Vessels arriving after 0500 hrs , if traffic conditions permit , pay a surcharge of 12 % of transit dues with a maximum of SDR 30000.
